BY CONSUMPTION OPTIONS

HOST BAR BASED ON CONSUMPTION

This option allows you to host the bar for your guests while paying only for the beverages consumed. Our standard bar selection is available throughout the event, with the option to also cover premium beverages and shots if you wish. Premium beverages can be available throughout bar service, while shots are offered after dinner only.

You also have the option of including dinner wine by the bottle. You will be pre-billed for 2 bottles per table (1 white, 1 red).

CASH BAR BASED ON CONSUMPTION

Guests pay for drinks as they are ordered.

If you're looking for an option somewhere between a host bar and a cash bar, consider offering your guests drink tickets. We'll track redeemed drinks on a tab and bill you after the wedding.

All pricing is subject to 15% hospitality fee and 13% HST. Bar offerings subject to change based on availability.
